

# Sixth Sense

## Verse 1

I've got nothing left to bargain with  
A naked ghost lying in your bed  
Ultimatums hold no weight when you just give in  
So I got nothing left to bargain with

## Chorus

And I  
Saw you leave before you left  
Oh  
Always said I had a sixth sense  
You didn't believe it I told you I could see the dead  
And I did  
I, I knew I had a sixth sense

## Verse 2

Hands covered in dishonesty, I mean honestly  
But I wanted what you made of me, now you're making me  
Doubt what I saw, what I heard  
Is this just what I deserve?  
Did I manifest all this hurt?  
Is it what I need?  
I mean honestly

## Chorus

I  
Saw you leave before you left  
Oh  
Always said I had a sixth sense  
You didn't believe it I told you I could see the dead  
and I did  
I, I knew had a sixth sense

## Bridge

Cross my heart didn't I warn ya  
I can't tell a lie baby cause you're a dead man walking

Dressed in black yeah I'm hurting for ya  
Our love deep in the grave before ya  
Dead man walking

## **Chorus**

I

Saw you leave before you left

Oh

Always said I had a sixth sense

You didn't believe it I told you I could see the dead  
and I did

I, I knew had a sixth sense
